## PROGRAM REPORT

**Name of the Event:** "A Training Session on Basic Computer Skills"

**Date:** 09-10-2023 & 11-10-2023

**Resource Person:** Mr. B. Srinivas  
MTEC- Peddapalli  
Contact: 9966189944

**Name of Co-coordinator:** Mr. P Ramesh (Assistant Professor)

MBA Dept

**Number of Students Attended:** 100 Students

**Venue:** CP-2 LAB-Trinity College of Engineering and Technology Peddapalli

Trinity College of Engineering and Technology, Peddapalli organized a training Program on A **Training Session on Basic Computer Skills** to MBA students to meet the expectations at corporate and increases the speed and efficiency of work with less cost.

### **Objectives:**

1. To educate the students about the basics of Microsoft Office and improve their computer literacy
2. To meet the expectations of MNC's.
3. To increase the efficiency and speed at work

### **Learning Outcomes:**

1. It will help to develop the career at corporate level.
2. It will help to stay organized and productive.
3. The computing skills will increase the job opportunities.
4. To Use Microsoft Office programs to create personal, academic and business documents.

  
**PRINCIPAL**  
Trinity College of Engineering & Technology  
Peddapalli - 505 172 T S.

Trinity College of Engineering and Technology, Peddapalli organized “**A Training Session on Basic Computer Skills**” to all I- MBA students. So, they should be capable of meeting the expectations of various MNC’s and increase the speed and efficiency at work with less cost. The resource person has literate the students about different functions MS Excel and different Statistical tools for Data Analysis. The students participated actively and the feedback was positive. The Principal and the Management of Trinity College of Engineering and Technology thanked the trainer and participants for making this event successful.

## PROGRAM REPORT

**Name of the Event:** Language and Communication Skills

**Date:** 20/11/2023-25/11/2024

**Resource Person:** Mr. Mahender

Assistant Professor

H& S Department

**Name of Co-coordinator:** Mr. Raju, Assistant Professor

H&S Dept.

**Number of Students Attended:** 96 Students

**Venue:** Seminar Hall

The Department of Humanities and Sciences taught English to B. Tech students in the academic year 2023-24 through English Language Labs. The main goal of the English Language Lab is to improve vocabulary and also to pay attention to important aspects of language like grammar, pronunciation, intonation, and phonetics. Language labs are very helpful for improving how well you can speak. Students can have fun practicing their speaking skills in a more realistic way, without the stress of having all the focus on them like in real-life English conversations. This is better than using scripted role-plays or exercises from textbooks. Students learn without being afraid and this helps them to feel more confident and skilled in the language. The lab was conducted from 20/11/2023 to 25/11/2024 during 2.00 P.M to 3.50 P.M. for one week. 96 students attended this one week session with enthusiasm.

### **Objectives:**

1. Explain why good communication skills are important.
2. Pinpoint what makes such skills hard to master.
3. Describe models and methods of communication.
4. Understand how preconceptions and limited perceptions interfere with communication.
5. Define Nonverbal Communication.

### **Learning Outcomes:**

1. It helps them to know why good communication skills are important.
2. It will help them to enhance such skills hard to master.
3. It will help to describe models and methods of communication.
4. It will make them to understand how preconceptions and limited perceptions interfere with

#### Day 1: Vocabulary Building - (20/11/2023)

Learnig Vocabulary or Building Vocabulary is a good activity and learning how to build a better vocabulary can be a pleasurable and profitable investment to the Engineering graduates. The session was taken by Mr. Mahender he explained the importance of vocabulary learning and it steps to improve the vocabulary. To build the vocabulary, he explained various steps such as synonyms, antonyms, phrasal verbs, idioms, homonyms, homophones, homographs, collocations and one word substitutes etc.

#### Day 2: Spoken Vs Written Communication - (21/11/2023)

Spoken Vs Written Communication session was taken by Mr.Mahender. He explained the differences between spoken vs written communication and how to develop the skills. The first difference between spoken and written communication is that we generally use spoken communication informally while we use written communication formally. He said writing is generally more formal and speech more informal. He showed videos and ppts related to spoken and written communication skills. Students also actively involved in speaking session and interacted with each other without fear.

*M. Zameer*  
 Trinity College of Engineering & Technology  
 Peddapalli - 505 172 T.S.

### Day 3: Body Language and Presentation Skills-(22/11/2023)

Body language and presentation skills session was taken by Mr. Mahender. He explained body language could be a language which conveys affirmative, ambiguous or negative signals depending upon individual perception. On the other hand, the role of body language is underestimated and he explained that-

Body language affects the way listeners perceive information.

It helps to engage the audience.

It tells how confident and persuasive a presenter is.

It helps to highlight the idea.

It can nullify all efforts put into presentation.

### Day 4: Ice Breaking Activities - (23/11/2023)

This session was taken by Mr. Mahender. He explained that an Icebreaker helps to clear the way for learning to occur by making the learners more comfortable and encouraging conversation. Firstly he asked question what is an icebreaker? He elicited the answers from students. Later he explained that the term "icebreaker" comes from "break the ice", which in turn comes from special ships called "icebreakers" that are designed to break up ice in arctic regions. And just as these ships make it easier for other ships to travel, an icebreaker helps to clear the way for learning to occur by making the learners more comfortable and encouraging conversation. Specifically, an icebreaker is an activity designed to help people to get to know each other and usually involves sharing names and other background information. Specifically, an icebreaker is an activity designed to help people to get to know each other and usually involves sharing names and other background information. He explained more about how the participants are meeting for the first time, start with an icebreaker that helps everyone to learn names and personal/professional information.

He explained an icebreaker is a team building activity and an energizer overlap. During the activity she asked participants to line up in alphabetical order by first name, participants will learn each other's names (typical of an icebreaker), they'll work together as a team to form the line (teambuilding), and become invigorated by being able to get up and move around the room (an energizer). As a result, the activities in this resource are grouped together according to how they might be used instead of how they are defined.

### Day 5: Report Writing - 24/11/2023)

Reporting Writing session was taken by Mr Mahender. He explained that Reports are generally involve presenting your investigation and analysis of information or an issue, recommending actions and making proposals. Report writing is a formal style of writing elaborately on a topic. The tone of a report is always formal. The audience it is meant for is always thought out section. For example report writing about a school event, report writing about a business case, etc There are many different types of reports, including business, scientific and research reports, but the basic steps for writing them are the same. These are outlined below.

  
PRINCIPAL  
Trinity College of Engineering & Technology  
Peddapalli - 505 172 T.S.

- Decide on the 'Terms of reference'
- Decide on the procedure
- Find the information
- Decide on the structure
- Draft the first part of your report
- Analyse your findings and draw conclusions
- Make recommendations
- Draft the executive summary and table of contents
- Compile a reference list
- Revise your draft report

Day 6: Verbal and Non Verbal Communication - (25/11/2024)

The differences between Verbal and Non Verbal Communication was explained by Mrs. Asma. Verbal Communication is the use of auditory language to exchange information with other people. It includes sounds, words, or speaking. The tone, volume, and pitch of one's voice can all contribute to effective verbal communication. Non-verbal communication is a communication between people through non-verbal or visual cues. This includes gestures, facial expressions, body movement, timing, touch, and anything else that communicates without speaking. Students were well practiced and knew the importance of verbal and non verbal communication at the time of Interviews. He explained the following important points and makes them to understand the students.

The intended message is transferred to people non-verbally using

- Proxemics (Distance)
- Kinesics (Body language)
- Haptics (Touches)
- Appearance
- Eye contact etc.
- Verbally using words, which includes
- Speaking, Writing
- Denotation or connotation (feelings associated with meaning of words)
- Tone and volume

It is program organized in the view of ROAD SAFETY week initiative of Telangana Traffic police to bring awareness about the traffic rules and road safety across the Telangana for the period of one week, In this regards the college management invite the respective officials to deliver the safety precautions to our college. The Program was started at 2.30 pm in the presence of three police officials from Ramagundam Commissionerate to discuss the traffic rules and safety precautions. The program was started with Dr. V Ashok Academic Director and invited the officials on the dias in the presence of principal.

Mr. Satyanarayana Sir C.I of Traffic Police disclosed the facts of rash driving, rules and regulations, recent accidents at nearby cities, why the need of awareness program is utmost importance because the death rate in accidents are higher than the covid cases, and how the helmet will help to save from head injuries, maintain the speed limit less than 40kmph because the mistake may not be yours but sometimes the others can be the cause for the accidents but the damage can be at both ends. The other officials also discuss about drunk and drive and drug addiction in our cities and also about the cyber security, the most common social media fraud in recent times and asked to download m-Aadhaar aap to safeguard from social frauds. The Principal Dr. Mani Ganesh and the management of Trinity college of Engineering and Technology thanked the police officials for the wonderful program and the participants gave the positive feedback
