1 Review of Preparedness of Course File for Enrichment of Teaching Learning Context:

Nurturing students with in-depth knowledge and technical skills through the delivery of competent and updated course content is the prime objective of Trinity College of Engineering and Technology , Bandarikunta , Peddapalli. In view of this; during each semester, IQAC conducts an audit of each faculty to review the preparedness of course delivery. The audit is evaluated based on different parameters, viz, Course Material, CO, PO, Mapping of COs with PEOs and POs, Question bank, and Result Analysis. This audit comprises observations concerning best teaching practices of the faculty, preparedness of lab assistance for the conduction of practicals etc. The audit team suggests areas for improvement to respective faculty and staff if needed. Finally, a summary of the audit is prepared and is placed for an action plan to improve the quality of academic activities.

The institution's IQAC works evolutionarily and collaboratively to understand the needs of stakeholders by maintaining a healthy relationship to refine and reform the Teaching Learning practices.

The learning material in digital forms like power point presentations, you YouTube videos is resultant of the same reforms. The details of the course file audit during the academic year 2023-24 are as below:

Organizing Department : IQAC

Name of Activity : Academic Audit-I: Course file and Diary Checking

Name of Coordinator : Dr. Ashok Kumar Vootla •

Name of Resource Person : Dr.T.Srinivas •

Date of Activity : 10th August -13th August 2023. •

No. of Participants : Faculty= 58, Laboratory and Technical Assistant / Technician/ Attendant, Programmer, System Administrator= 28 , Total= 86 •

Details of Activity: As per quality policy of IQAC of Institute, academic audit was conducted to review preparation of faculty as well as Laboratory and Technical Assistant / Technician/ Attendant, Programmer, System Administrator; who directly or indirectly get involved in academic excellence. The audit was scheduled from 10th August -13th August 2023..

Principal Dr.T.Srinivas along with IQAC Co-ordinator Dr. Ashok Kumar Vootla visited every department for this audit. He also addressed gathering to update themselves by participating in certification Courses of AICTE /Swayam/ATAL. He also encouraged faculty for Research Paper Publication and Patent Filing.

During audit, the course material (handouts, notes) prepared by every faculty was examined in detail and suggestions for improvements are given. Along with this, lecture and practical planning in academic diary is reviewed.

Principal also took review of preparedness of Laboratory and Technical Assistant / Technician/ Attendant, Programmer, System Administrator for conducting practicals. •

2 Academic Audits for Timely and Effective Completion of Curriculum Context:

IQAC contributes significantly to reviewing the teaching-learning process in the college. It helps to excel academic environment, timely completion of curriculum, and also co-curricular and extra-curricular activities. IQAC has set up a structural process to review teaching and learning at periodic intervals. It includes two-stage reviews: weekly and Monthly Reviews of the number of lectures, practical's conducted, and % of syllabus completed. Both these reviews are conducted at two different levels. The first weekly review is conducted at the respective department level, by the head of the department. It includes the number of lectures and practical's conducted by faculty during the week. The second review of the same is conducted at the college level by the IQAC Chairperson (Principal). Based on the review, the corresponding instructions are given to the respective HOD for further action. Similarly, the monthly review is conducted by IQAC at the department and college level which comprises the status of syllabus and practical competition. Based on this review, Mid Term Test/ End Term Test/Extra Lectures / Practical are scheduled.

The details of activities related to this are summarized in the table below:

3 Campus Recruitment Training Programs and Placements Context:

There are currently fewer opportunities for entry-level candidates in the core technical occupations. Students to succeed with quality placements, they must develop the skills necessary to seize employment chances. Campus recruitment training prepares the candidates for top IT/non-IT firms. The college conducts various training courses on a variety of aptitude skills, including verbal ability (English) and soft skills like attitude, positive thinking, resume preparation, presentation skills, group discussion skills, and job interview skills. This training is provided by outside training organizations, industrial experts, and resource persons.

The details of the training program are as below:

| Name of student placed and contact details | Program graduated from | Name of the employer with contact details |
