ABOUT THE COLLEGE

Trinity College Of Engineering And Technology was established in the year 2008, by Trinity Educational Society for community development in a backward educational area dominated by under privileged sections of the society. The college has completed 16 years of its existence with glory. The college is located in Peddapalli with good connectivity of road and rail. The great strength of the college is visionary management. Availability of strategic planning, documentation, record keeping, E-management and innovative teaching practices; quality and access are the core values in curriculum and teaching and evaluation methodologies in alignment with global trends.

ABOUT THE DEPARTMENT

The aim of the institute is to cultivate in its students' high moral standards coupled with academic excellence to promote market-oriented skill development and up gradation that would help in serving the needs of the society. From its advent, the Institution has acquired a credible position in the fields of Business Administration topped programs.

DEPARTMENT OF MANAGEMENT STUDIES

A TWO WEEK CERTIFICATE PROGRAM

ON

**"TOTAL QUALITY
MANAGEMENT"**

DATE: : 23-11-2020 to 05-12-2020

THE OBJECTIVE OF FDP

- To understand the concept of Quality
- To understand the Implication of Quality on Business
- To Implement Quality Implementation Programs
- To have exposure to challenges in Quality Improvement Programs

Learning Outcomes:

- To realize the importance of significance of quality
- Manage quality improvement teams
- Identify requirements of quality improvement programs

CIRCULAR

It is hereby informed to all **B Tech ECE** students that our college is conducting A Two Week Certificate program on "**Design Approaches for front end VLSI Design**" from 01-12-2020 to 15-12-2020. All the students shall give their names to coordinator listed below on or before 28-11-2020. Hence, all the students are hereby informed to attend the classes without fail.

Venue: Seminar hall-Trinity College of Engineering and Technology

ABOUT THE COLLEGE

Trinity College Of Engineering And Technology was established in the year 2008, by Trinity Educational Society for community development in a backward educational area dominated by under privileged sections of the society. The college has completed 16 years of its existence with glory. The college is located in Peddapalli with good connectivity of road and rail. The great strength of the college is visionary management. Availability of strategic planning, documentation, record keeping, E-management and innovative teaching practices; quality and access are the core values in curriculum and teaching and evaluation methodologies in alignment with global trends.

ABOUT THE DEPARTMENT

The department of Electronics & Communication Engineering started right from the inception of the college in the year 2008. The primary objective of the department has been to impart quality education, training and research at the undergraduate in various areas of Electronics and Communication Engineering with broad emphasis on design aspects of electronic systems. The Department presently offers UG Programme B.Tech with an intake of 60.

PEDDAPALLI-505172

**DEPARTMENT OF ELECTRONICS &
COMMUNICATION ENGINEERING**

**A TWO WEEK CERTIFICATE
PROGRAM**

ON

**DESIGN APPROACHES FOR
FRONT END VLSI DESIGN**

DATE: 01-12-2020 to 15-12-2020

THE OBJECTIVE OF PROGRAM

1. To understand MOS transistor fabrication processes.
2. To understand basic circuit concepts
3. To have an exposure to the design rules to be followed for drawing the layout ckt.
4. Design of building blocks using different approaches.
5. To have a knowledge of the testing processes of CMOS circuits.

LEARNING OUTCOMES

- Describe combinational and sequential circuits
- Classify various PLDs
- Design digital circuits includes combinational and sequential circuits

PROGRAM REPORT

Name of the Event: A Two Week Certificate Program on "**Design Approaches for front end VLSI Design**"

Date: 01-12-2020 to 15-12-2020.

Resource Person: Mr.D.Sampath, Assistant Professor

Department of Electronics and Communications Engineering

Contact No.7306606172

Name of Co-coordinator: Mrs.V.Mamatha, Assistant Professor

Department of Electronics and Communications Engineering

Number of Students Attended: 66

Venue: Seminar hall-Trinity College of Engineering and Technology

Trinity College of Engineering and Technology, Peddapalli organized a certificate program on **Design Approaches for front end VLSI Design** students by the resource person D.Sampath. Let's try to understand this in detail. Following a standard VLSI Design life cycle and the various stages involved in a design from specification to manufacturing. They are Specification, Highlevel Design, Lowlevel Design RTL coding, Functional, Verification, Placement and Routing and Front End VLSI Design Back End VLSI Design extensions. Totally 66 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

1. To understand MOS transistor fabrication processes.
2. To understand basic circuit concepts
3. To have an exposure to the design rules to be followed for drawing the layout ckt.

4. Design of building blocks using different approaches.
5. To have a knowledge of the testing processes of CMOS circuits.

Learning Outcomes:

1. Describe combinational and sequential circuits
2. Classify various PLDs
3. Design digital circuits includes combinational and sequential circuits

This course was very useful to the students and their feedback is positive. The management and Dr.ManiGanesh, Principal of Trinity College of Engineering and Technology thanked the resource person and participants for making the programme successful.

ABOUT THE COLLEGE

Trinity College Of Engineering And Technology was established in the year 2008, by Trinity Educational Society for community development in a backward educational area dominated by under privileged sections of the society. The college has completed 16 years of its existence with glory. The college is located in Peddapalli with good connectivity of road and rail. The great strength of the college is visionary management. Availability of strategic planning, documentation, record keeping, E-management and innovative teaching practices; quality and access are the core values in curriculum and teaching and evaluation methodologies in alignment with global trends.

ABOUT THE DEPARTMENT

The aim of the institute is to cultivate in its students' high moral standards coupled with academic excellence to promote market-oriented skill development and up gradation that would help in serving the needs of the society. From its advent, the Institution has acquired a credible position in the fields of Business Administration topped programs.

About College

To implement this thought, we established an Education Society which aims at breaking grounds for high level educational institutions. Trinity College of Engineering and Technology (T.C.E.T.) is a premier initiative of this society. The institute aims to impart knowledge by attracting and involving well experienced, qualified faculty and providing best infrastructural facilities to the students. T.C.E.T. views interaction and collaboration with industry as critical for preparing successful and trend setter technocrats for tomorrow. Workshops and guest lectures with a focus on developing entrepreneur skills will be our mainstay.

We are leading step by step to achieve our objectives to transform the Institute into one of the notable technical institutes of the country. T.C.E.T. is ready with the facilities to provide best services to you. It is for you to avail this opportunity

About Department

The Department of Computer Science and Engineering at TCEK was started in the year 2008 with an intake of 60. The Department offers UG (B.Tech) degrees. The Department has state of the art infrastructure and computing equipment supported by high speed internet and wireless networks.

The Department of Computer Science and Engineering is renowned for cutting edge research and for imparting state of art education. The Department provides an outstanding research environment complemented by excellence in teaching.

Assistant Professor

Objectives Of Programme

1. Analysis,Design and Implementation of computational and storage clouds..
2. Learn Advanatges and Applications of Cloud Computing.
3. Describe the Challenges in Cloud Computing.
4. Know the technologies for the development of applications to be deployed in cloud.

Learning Outcomes

1. Students wil be able to explain the core concepts of Computing Paradigm.
- 2.Identify Resource Management Fundamentals..
3. Analyze Various Cloud Computing Models.
4. Ability to access electronic data and applications over the internet.

PROGRAM REPORT

Name of the Event: A Two Week Certificate Program on Advance Training on Cloud Computing.

Date: 01-02-2021 to 13-02-2021

.Resource Person: Mr.Md.Ziauddin, Assistant Professor

Department of Computer Science and Engineering

Contact No.9700545282

Name of Co-coordinator: Mrs. K.Anusha, Assistant Professor

Department of Computer Science and Engineering

Number of Students Attended: 71

Venue: Seminar hall-Trinity College of Engineering and Technology

Trinity College of Engineering and Technology, Peddapalli organized a certificate program on **Advance Training on Cloud Computing** for **B Tech CSE** students by the resource person Mr Md.Ziauddin. Totally 71 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

1. Analysis,Design and Implementation of computational and storage clouds..
2. Learn Advanatges and Applications of Cloud Computing.
3. Describe the Challenges in Cloud Computing.
4. Know the technologies for the development of applications to be deployed in cloud.

M. Ziauddin
PRINCIPAL
Trinity College of Engineering And Technology
PEDDAPALLI-505 172, T.S.

Learning Outcomes:

1. Students will be able to explain the core concepts of Computing Paradigm.
2. Identify Resource Management Fundamentals..
3. Analyze Various Cloud Computing Models.
4. Ability to access electronic data and applications over the internet.

This course was very useful to the students and their feedback is positive. The management and Dr. Mani Ganesh, Principal of Trinity College of Engineering and Technology thanked the resource person and participants for making the programme successful.

ABOUT THE COLLEGE

Trinity College Of Engineering And Technology was established in the year 2008, by Trinity Educational Society for community development in a backward educational area dominated by under privileged sections of the society. The college has completed 16 years of its existence with glory. The college is located in Peddapalli with good connectivity of road and rail. The great strength of the college is visionary management. Availability of strategic planning, documentation, record keeping, E-management and innovative teaching practices; quality and access are the core values in curriculum and teaching and evaluation methodologies in alignment with global trends.

ABOUT THE DEPARTMENT

The department of Electronics & Communication Engineering started right from the inception of the college in the year 2008. The primary objective of the department has been to impart quality education, training and research at the undergraduate in various areas of Electronics and Communication Engineering with broad emphasis on design aspects of electronic systems. The Department presently offers UG Programme B.Tech with an intake of 60.

**DEPARTMENT OF ELECTRONICS &
COMMUNICATION ENGINEERING**

**A TWO WEEK CERTIFICATE
PROGRAM**

ON

**IOT APPLICATION
DEVELOPMENT USING PYTHON**

DATE: 08-02-2021 to 22-02-2021

THE OBJECTIVE OF PROGRAM

1. IoT with python offers an innovative milestone based learning initiative for students to build their skills using a step by step process.

2. Impart knowledge on IoT using various Technologies,help understand its usage.

3. Understand how ethical hacking using various can be applied to various domains.

4. Ensure students learn on the job training during internship programs.

LEARNING OUTCOMES

1. Facilitating learning based on the latest tools in IoT space.
2. Help expand students skills by outcome based learning
3. Imparting in depth learning on practical applications of IoT using various opportunities.

PROGRAM REPORT

Name of the Event: A Two Week Certificate Program on "**IoT Application Development using Python**"

Date: 08-02-2021 to 22-02-2021.

Resource Person: Mrs.V.Mamatha, Assistant Professor

Department of Electronics and Communications Engineering

Contact No.6303843722

Name of Co-coordinator: Mr.D.Sampath, Assistant Professor

Department of Electronics and Communications Engineering

Number of Students Attended: 62

Venue: Seminar hall-Trinity College of Engineering and Technology

Trinity College of Engineering and Technology, Peddapalli organized a certificate program on **IoT Application Development using Python** students by the resource person V.Mamatha lets try to understand this in detail.IoT development requires a high level programming language.Python is the IoT app developers first choice because of its dynamism and interpretation power.Python is the very versatile,object-oriented programming. Totally 62 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

1. IoT with python offers an innovative milestone based learning initiative for students to build their skills using a step by step process.
2. Impart knowledge on IoT using various Technologies,help understand its usage.
3. Understand how ethical hacking using various can be applied to various domains.
4. Ensure students learn on the job training during internship programs.

M. S. Sampath
Principal
Trinity College of Engineering and Technology
Peddapalli, T.S

Learning Outcomes:

1. Facilitating learning based on the latest tools in IoT space.
2. Help expand students skills by outcome based learning
3. Imparting in depth learning on practical applications of IoT using various opportunities.

This course was very useful to the students and their feedback is positive. The management and Dr.ManiGanesh, Principal of Trinity College of Engineering and Technology thanked the resource person and participants for making the programme successful.

DAY-WISE COURSE SCHEDULE

S.No.	Date	Topic to be Covered
1.	15/2/21	Introduction to C Language
2.	16/2/21	features of C, Benefits of C, Complications of ^{Programming in C}
3.	17/2/21	Variables, Keywords in C, Data types, Operators in C.
4.	18/2/21	Control flow statements / Loops, Decision making statements
5.	19/2/21	Switch statement in C, Break statement
6.	20/2/21	Arrays in C.
7.	22/2/21	Strings in C, String functions in C.
8.	23/2/21	functions in C, Prototype, Parameters, storage ^{classes.}
9.	24/2/21	Pointers in C.
10.	25/2/21	Structures & Unions in C.
11.	26/2/21	Operations on struct variables in C.
12.	27/2/21.	File Handling in C.

About College

To implement this thought, we established an Education Society which aims at breaking grounds for high level educational institutions. Trinity College of Engineering and Technology (T.C.E.T.) is a premier initiative of this society. The institute aims to impart knowledge by attracting and involving well experienced, qualified faculty and providing best infrastructural facilities to the students. T.C.E.T. views interaction and collaboration with industry as critical for preparing successful and trend setter technocrats for tomorrow. Workshops and guest lectures with a focus on developing entrepreneur skills will be our mainstay.

We are leading step by step to achieve our objectives to transform the Institute into one of the notable technical institutes of the country. T.C.E.T. is ready with the facilities to provide best services to you. It is for you to avail this opportunity.

About Department

The Department of Computer Science and Engineering at TCEK was started in the year 2008 with an intake of 60. The Department offers UG (B.Tech) degrees. The Department has state of the art infrastructure and computing equipment supported by high speed internet and wireless networks.

The Department of Computer Science and Engineering is renowned for cutting edge research and for imparting state of art education. The Department provides an outstanding research environment complemented by excellence in teaching.

Department Of Computer Science & Engineering
A Two Week National Workshop

On

"Programming Practices in C"

Feb 15 - Feb 27 , 2021

Our faculty aims at delivering top class education blending their rich research experience with classroom teaching. It also promotes active industry-institute collaboration by identifying areas of interest and taking part in sponsored research projects and consultancy services. The Department has undertaken many research projects funded both by multinationals and government agencies.

The major areas of research include Image Processing, Real time Operating Systems, Neural Networks, Data mining, Information retrieval and Web mining, Information Security, Networks, Operating Systems, Distributed Systems, Parallel processing and Human-Computer interactions.

Objectives Of Programme

1. Programming basics and the fundamentals of C
2. Data types in C
3. Mathematical and logical operations
4. Using if statement and loops
5. Arranging data in arrays
6. Implementing pointers
7. File management and dynamic memory allocation

Learning Outcomes

1. Students will be able to Develop C program
2. Control the sequence of the program and give logical outputs
3. Implement strings in your C program
4. Store different data types in the same memory
5. Manage I/O operations in your C program
- 6.Repeat the sequence of instructions and points for a memory location

PROGRAM REPORT

Name of the Event: A Two Week Certificate Program on **Programming Practices in C**

Date: 15-02-2021 to 27-02-2021.

Resource Person: Mrs. K.Anusha, Assistant Professor

Department of Computer Science and Engineering

Contact No.9618748456

Name of Co-coordinator: Mr. N.Naresh, Assistant Professor

Department of Computer Science and Engineering

Number of Students Attended: 80

Venue: Seminar hall-Trinity College of Engineering and Technology

Trinity College of Engineering and Technology, Peddapalli organized a certificate program on **Programming Practices in C** for **B Tech CSE** students by the resource person Mrs K.Anusha, on JAVA Fundamentals which covers the basic concepts of Java understanding Keyword, Identifier, Variables, Operators, Datatypes, Variables, Operators. Totally 80 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

1. Programming basics and the fundamentals of C
2. Data types in C
3. Mathematical and logical operations
4. Using if statement and loops
5. Arranging data in arrays
6. Implementing pointers
7. File management and dynamic memory allocation

PRINCIPAL
Trinity College of Engineering And Technology
PEDDAPALLI-505 172, T.S.

Learning Outcomes:

1. Students will be able to Develop C program
2. Control the sequence of the program and give logical outputs
3. Implement strings in your C program
4. Store different data types in the same memory
5. Manage I/O operations in your C program
6. Repeat the sequence of instructions and points for a memory location

This course was very useful to the students and their feedback is positive. The management and Dr. Mani Ganesh, Principal of Trinity College of Engineering and Technology thanked the Resource person and participants for making the programme successful.

ABOUT THE COLLEGE

Trinity College Of Engineering And Technology was established in the year 2008, by Trinity Educational Society for community development in a backward educational area dominated by under privileged sections of the society. The college has completed 16 years of its existence with glory. The college is located in Peddapalli with good connectivity of road and rail. The great strength of the college is visionary management. Availability of strategic planning, documentation, record keeping, E-management and innovative teaching practices; quality and access are the core values in curriculum and teaching and evaluation methodologies in alignment with global trends.

ABOUT THE DEPARTMENT

The department of EEE established in 2008 with the approval of AICTE, is set in an open, student friendly atmosphere. We have a fine blend of dynamic and experienced faculty who provide quality education in technical UG programs with JNTU-H curriculum, the department places equal emphasis on theoretical and practical domains of electrical and electronics engineering. The laboratories are highly modernized to reflect the rapidly changing trends in technology. We have been organizing many symposiums, workshops, skill development programs to encourage the students to refine their personality and extracurricular skills.

**A TWO WEEK CERTIFICATE
PROGRAM**

ON

SOLAR/PV TRAINING

DATE: 23-03-2021 to 03-04-2021

**Venue: Seminar Hall-Trinity College
of Engineering and Technology**

THE OBJECTIVE OF PROGRAM

- Understand the Core Concepts of Solar Energy Systems.
- Survey of Renewable Energy Sources.
- Basics of PV Technology.
- Overview of PV Lifecycle

LEARNING OUTCOMES

- Explain the principles that underlie the ability of various natural phenomena to deliver solar energy.
- Outline the technologies that are used to harness the power of solar energy.
- Discuss the positive and negative aspects of solar energy in relation to natural and human aspects of the environment.

PROGRAM REPORT

Name of the Event: A Two Week Certificate Program on “Solar/PV Training”

Date: 23-03-2021 to 03-04-2021.

Resource Person: Ms. V. Swarupa, Assistant Professor

Department of Electrical and Electronics Engineering

Contact No. 9976644901

Name of Co-coordinator: Mr B. Santhosh, Assistant Professor

Department of Electrical and Electronics Engineering

Number of Students Attended: 79

Venue: Seminar Hall-Trinity College of Engineering and Technology

Trinity College of Engineering and Technology, Peddapalli organized a certificate program on **Solar/PV Training** students by the resource person Ms. V.Swarupa. Totally 79 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

1. Understand the Core Concepts of Solar Energy Systems.
2. Survey of Renewable Energy Sources.
3. Basics of PV Technology.
4. Overview of PV Lifecycle.

Learning Outcomes:

1. Explain the principles that underlie the ability of various natural phenomena to deliver solar energy.
2. Outline the technologies that are used to harness the power of solar energy.
3. Discuss the positive and negative aspects of solar energy in relation to natural and human aspects of the environment.

M. Z. Zareen
PRINCIPAL
Trinity College of Engineering And Technology
PEDDAPALLI-505 172, T.S.

This course was very useful to the students and their feedback is positive. The management and Dr. ManiGanesh, Principal of Trinity College of Engineering and Technology thanked the resource person and participants for making the programme successful.

DAY-WISE COURSE SCHEDULE

S.No.	Date	Topic to be Covered
1.	29/3/21	Introduction to power system.
2.	30/3/21	Smart grid introduction.
3.	31/3/21	Components of Smart grid.
4.	1/4/21	potential & advantages of Smart grid with case studies.
5.	3/4/21	Smart grid projects in India & World.
6.	6/4/21	Benefits & drawbacks of Smart grid.
7.	7/4/21	latest developments in renewable energy sources.
8.	8/4/21	possibilities with innovative technology.
9.	9/4/21	Business models & cost estimation for simple loads.
10.	10/4/21	Comparison with conventional systems.

ABOUT THE COLLEGE

Trinity College Of Engineering And Technology was established in the year 2008, by Trinity Educational Society for community development in a backward educational area dominated by under privileged sections of the society. The college has completed 16 years of its existence with glory. The college is located in Peddapalli with good connectivity of road and rail. The great strength of the college is visionary management. Availability of strategic planning, documentation, record keeping, E-management and innovative teaching practices; quality and access are the core values in curriculum and teaching and evaluation methodologies in alignment with global trends.

ABOUT THE DEPARTMENT

The department of EEE established in 2008 with the approval of AICTE, is set in an open, student friendly atmosphere. We have a fine blend of dynamic and experienced faculty who provide quality education in technical UG programs with JNTU-H curriculum, the department places equal emphasis on theoretical and practical domains of electrical and electronics engineering. The laboratories are highly modernized to reflect the rapidly changing trends in technology. We have been organizing many symposiums, workshops, skill development programs to encourage the students to refine their personality and extracurricular skills.

A TWO WEEK CERTIFICATE
PROGRAM

ON

"SMART GRID CONCEPTS"

DATE: 29-03-2021 to 10-04-2021

Venue: Seminar Hall-Trinity College
of Engineering and Technology

THE OBJECTIVE OF PROGRAM

- The basic concepts of power systems.
- Fundamentals of Smart Grid
- Development of Smart Grid

LEARNING OUTCOMES

- Understand the fundamental element of the smart grid and power grid.
- Understand different communication technologies used in smart grids.
- Get accustomed with the fundamentals of SCADA and IED.
- Understand the Importance of Automation in Substation and substation Automation.
- Understand the Energy management systems in era of smart grid.
- Understand the distribution automation for smart grid development

Department of Electrical and Electronics Engineering

Contact No. 9550017685

Name of Co-coordinator: Mr. Koppula Srinivas, Assistant Professor

Department of Electrical and Electronics Engineering

Number of Students Attended: 30

Venue: Seminar Hall-Trinity College of Engineering and Technology

Trinity College of Engineering and Technology, Peddapalli organized a certificate program on **Smart Grid Concepts** students by the resource person Mr. A.Krishnaiah. Totally 30 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

1. The basic concepts of power systems.
2. Fundamentals of Smart Grid
3. Development of Smart Grid

Learning Outcomes:

1. Understand the fundamental element of the smart grid and power grid.
2. Understand different communication technologies used in smart grids.
3. Get accustomed with the fundamentals of SCADA and IED.
4. Understand the Importance of Automation in Substation and Substation Automation.

M. Green
PRINCIPAL

Trinity College of Engineering and Technology
Peddapalli-505172-T.S.

5. Understand the Energy management systems in era of smart grid.
6. Understand the distribution automation for smart grid development.

This course was very useful to the students and their feedback is positive. The management and Dr. ManiGanesh, Principal of Trinity College of Engineering and Technology thanked the resource person and participants for making the programme successful.
