RESEARCH AND  
DEVELOPMENT CELL

A ONE DAY SEMINAR  
PROGRAMME

ON

RECENT TRENDS IN RESEARCH  
& METHODOLOGY

DATE: 10.01.2019

## THE OBJECTIVE OF SEMINAR

1. Research objectives describe what your research is trying to achieve and explain why you are pursuing it.
2. They summarize the approach and purpose of your project and help to focus your research.
3. Your objectives should appear in the introduction of your research paper, at the end of your problem statement.

## LEARNING OUTCOMES

Journal publishes all outputs of the research cycle, including: project proposals, data, methods, workflows, software, project reports and research articles together on a single collaborative platform, with the most transparent, open and public peer-review process

## ABOUT RESEARCH AND DEVELOPMENT CELL

R&D Cell encourage & faculties to conceive ideas through enhanced industry-academia interactions and prepare research proposals for funding from various agencies & it organizes events like capacity-building programs and specific research theme-based workshops and Research Internships that will motivate the students, scholars, and faculties to participate actively in the process of ideation and innovative research in emerging areas. It combined ventures for joint research activities to enhance the exchange between students, scholars, and faculty.

Contact Number: 98498 35544

**Date of the Event:** 17.10.2019

**Venue:** Seminar Hall

### Objectives:

- Venture capital is a type of funding in which money is put into a company or a new business in exchange for a share of the company's equity capital.
- Depending on the stage of the business, the funds from venture capital firms are used by start-ups to grow, scale up, develop new products, etc

### Learning Outcome:

1. Understand the importance of financial management and managing a new venture.
2. Analyze the various sources of investment and also know the support provided by the state and central government for entrepreneurship.
3. Determine the various financial support schemes provided different institutions to the entrepreneurs.

## PROGRAMEE REPORT

**Program Name:** International entrepreneurship

**Resource Person:** Dr. B. Manohar

Assistant Professor, Vaageswari College of Engineering,

Thimmapur, Karimnagar-505481

Contact Number: 94403 86196

**Date of the Event:** 13.07.2019

**Venue:** Seminar Hall

### Objectives:

1. Some companies are unable to increase their market share.
2. Many companies are establishing new businesses in so-called developing countries, where the technology level is relatively low.
3. The company can mitigate this risk by selling its products in several countries. Many companies doing international business are less affected by economic conditions, as economic conditions can vary from country to country.

### Learning Outcome:

As an opportunity to apply management knowledge in practice, they have been proven to be a valuable experience when designed and executed adeptly by academics. Based on our activities and reflection as academics, and interviews with students and companies participating in five consultancy projects, this paper proposes a framework to execute student consultancy projects in the context of international entrepreneurship.

ENTREPRENEURSHIP  
DEVELOPMENT CELL

A ONE DAY SEMINAR

PROGRAMME

ON

**INTERNATIONAL  
ENTREPRENEURSHIP**

**DATE: 13.07.2019**

## THE OBJECTIVE OF SEMINAR

1. Some companies are unable to increase their market share.
2. Many companies are establishing new businesses in so-called developing countries, where the technology level is relatively low.
3. The company can mitigate this risk by selling its products in several countries. Many companies doing international business are less affected by economic conditions, as economic conditions can vary from country to country.

## LEARNING OUTCOMES

Based on our activities and reflection as academics, and interviews with students and companies participating in five consultancy projects, this paper proposes a framework to execute student consultancy projects in the context of international entrepreneurship.

## ABOUT ENTREPRENEURSHIP DEVELOPMENT CELL

This cell is formed To develop spirit/awareness on entrepreneurship among the students, To develop the advanced skill of creativity and innovative thinking, To empower and inspire students to take initiatives and accept responsibilities to thrive in the challenging world and To become employment creators than seekers.

Entrepreneurship Development Cell (EDC), is initiated to promote entrepreneurship culture among the students by "face to face" students-to-entrepreneurs programmes, guest lectures by successful entrepreneurs, Business Plan Competition, FDP, EAC, thereby to sensitize the students and faculty members in the college regarding the importance of entrepreneurship and economic development of the country.

Date: 13.07.2019

## PROGRAMEE REPORT

**Program Name: Open source software and copyright Interphase**

**Resource Person: Boorla Srinivas, Assistant Professor,**

Mother Theresa College Of Engineering & Technology

Peddapalli – 505172

**Date of the Event: 10.07.2019**

**Venue: Seminar Hall**

### Objectives:

1. The open source license requires the further users who modify or improve the software to provide the copy of license with every copy of the software distributed.
2. There is a continuous product development by open source community.
3. The contributors are free to incorporate ideas and modify the product.

### Learning outcomes:

Open Source method has played an increasingly important role in the development of software, the Internet, and operating systems. Although the concept behind Open Source and U.S. copyright laws are to benefit society as a whole, it is without a doubt that the perception of Open Source as "free" software between programmers will continue to play against the legal battles of ownership rights and licensing in our legal systems.

## PROGRAMEE REPORT

**Program Name:** Plagiarism & Reference Management

**Resource Person:** Dr. S. Srinivas, Assistant Professor (Librarian)

Government Degree and PG College,  
Peddapalli - 505172

**Date of the Event:** 20.06.2019

**Venue:** Seminar Hall

### Objectives:

The objectives of this workshop are to make you learn

- What is plagiarism and how to avoid it?
- What are the different styles of referencing?
- How to import references and add associated paper to your library?
- How to highlight and take notes? How to use searchable notes?
- How to cite and create bibliographies while you write?

### Learning outcomes:

- ✓ Getting Mendeley working on your computer
- ✓ Adding and managing research papers in your Mendeley Library
- ✓ Importing references and adding associated paper to your library
- ✓ Highlighting and taking notes, using searchable notes
- ✓ Citing and creating bibliographies while you write

## ABOUT THE COLLEGE

Trinity College Of Engineering And Technology was established in the year 2008, by Trinity Educational Society for community development in a backward educational area dominated by under privileged sections of the society. The college has completed 16 years of its existence with glory. The college is located in Peddapalli with good connectivity of road and rail. The great strength of the college is visionary management. Availability of strategic planning, documentation, record keeping, E-management and innovative teaching practices; quality and access are the core values in curriculum and teaching and evaluation methodologies in alignment with global trends.

A ONE DAY SEMINAR  
PROGRAMME

ON

**PLAGIARISM & REFERENCE  
MANAGEMENT**

**DATE: 20.06.2019**

## THE OBJECTIVE OF SEMINAR

The objectives of this seminar are to make you learn

- What is plagiarism and how to avoid it?
- What are the different styles of referencing?
- How to import references and add associated paper to your library?
- How to highlight and take notes? How to use searchable notes?

## LEARNING OUTCOMES

- ✓ Getting Mendeley working on your computer
- ✓ Adding and managing research papers in your Mendeley Library
- ✓ Importing references and adding associated paper to your library

## ABOUT RESEARCH AND DEVELOPMENT CELL

R&D Cell encourage & faculties to conceive ideas through enhanced industry-academia interactions and prepare research proposals for funding from various agencies & it organizes events like capacity-building programs and specific research theme-based workshops and Research Internships that will motivate the students, scholars, and faculties to participate actively in the process of ideation and innovative research in emerging areas. It combined ventures for joint research activities to enhance the exchange between students, scholars, and faculty.

## PROGRAMMEE REPORT

**Program Name:** Research Proposal & Research Writing

**Resource Person:** Dr. Sridhar Rao

Assistant Professor, Trinity College of Pharmaceutical Sciences,  
Peddapalli – 505172

**Date of the Event:** 26.04.2019

**Venue:** Seminar Hall

### Objectives:

1. Students should be able to describe the inductive nature of qualitative data analysis.
2. Students should be able to state the steps involved in coding qualitative data.
3. Students should be able to describe why qualitative data analysis is considered to be “interpretive.”
4. Students should know the various types of validity strategies typically used in good qualitative research.

### Learning outcomes:

1. Students should be familiar with current uses of the terms reliability and validity in educational research.
2. Students should know how to create a quantitative codebook for organizing their data.
3. Students should know the types of descriptive statistics typically reported in educational research studies.
4. Students should know how to conduct a statistical test of a hypothesis.

**Program Name:** Recent Trends in Research & Methodology

**Resource Person:** V.Sridhar, Assistant Professor,

Mother Theresa College of Engineering & Technology,

Peddapalli – 505172

Contact Number: 9704046346

**Date of the Event:** 10.01.2019

**Venue:** Seminar Hall

### Objectives:

1. Research objectives describe what your research is trying to achieve and explain why you are pursuing it.
2. They summarize the approach and purpose of your project and help to focus your research.
3. Your objectives should appear in the introduction of your research paper, at the end of your problem statement.

### Learning outcomes:

Journal publishes all outputs of the research cycle, including: project proposals, data, methods, workflows, software, project reports and research articles together on a single collaborative platform, with the most transparent, open and public peer-review process.
