ENTREPRENUERSHIP
DEVELOPMENT CELL

A ONE DAY SEMINAR
PROGRAMME

ON

**CORPORATE & STRATEGIC
ENTREPRENEURSHIP**

DATE: 18.11.2017

THE OBJECTIVE OF SEMINAR

1. A company may pursue strategic entrepreneurship for a variety of objectives.
2. Such as boosting organizational profitability, strengthening its position in the market, or revitalizing existing firms.
3. Corporate entrepreneurs are people who take risks within large, established enterprises.

LEARNING OUTCOMES

Strategic entrepreneurship (SE) is typically defined as organizationally consequential innovations within existing firms that involve the combination of opportunity and advantage-seeking behaviors.

ABOUT ENTREPRENEURSHIP DEVELOPMENT CELL

This cell is formed To develop spirit/awareness on entrepreneurship among the students, To develop the advanced skill of creativity and innovative thinking, To empower and inspire students to take initiatives and accept responsibilities to thrive in the challenging world and To become employment creators than seekers.

Entrepreneurship Development Cell (EDC), is initiated to promote entrepreneurship culture among the students by "face to face" students-to-entrepreneurs programmes, guest lectures by successful entrepreneurs, Business Plan Competition, FDP, EAC, thereby to sensitize the students and faculty members in the college regarding the importance of entrepreneurship and economic development of the country.

PROGRAMEE REPORT

Program Name: Entrepreneurship Culture

Resource Person: : Dr. Arif arfat

Assistant Professor, Trinity College Of Engineering & Technology

Karimnagar – 505481

Contact Number: 8686865975

Date of the Event: 10.01.2018

Venue: Seminar Hall

Objectives:

1. Entrepreneurial culture can be described as an environment where someone is motivated to innovate, create and take risks.
2. In a business, an entrepreneurial culture means that employees are encouraged to brainstorm new ideas or products.
3. When work time is dedicated to these activities, it is called entrepreneurship.

Learning Outcome:

Students increase their awareness and deliberately practice the skills and disciplines necessary to increase confidence and agency; foster self-efficacy and self-advocacy; improve communication and problem-solving skills, manage strong impulses and feelings; and identify personal purpose.

ENTREPRENEURSHIP
DEVELOPMENT CELL

A ONE DAY SEMINAR

PROGRAMME

ON

**ROLE OF
ENTREPRENEURSHIP AND
GOVERNMENTAL SUPPORT**

DATE: 16.06.2017

THE OBJECTIVE OF SEMINAR

1. The role of entrepreneurship in economic development is substantial.
2. After all, entrepreneurs don't just build businesses and grow their personal wealth.
3. They also impact the economy by creating new jobs and opportunities, driving innovation, and developing new markets, products, and services.

LEARNING OUTCOMES

Business success is the outcome of an entrepreneur starting a business and seeing it through to profitability and sustainability. The facets of entrepreneurship are the areas where large, medium-sized, small, and startup businesses must function for the benefit of the industry as a whole.

ABOUT ENTREPRENEURSHIP DEVELOPMENT CELL

This cell is formed To develop spirit/awareness on entrepreneurship among the students, To develop the advanced skill of creativity and innovative thinking, To empower and inspire students to take initiatives and accept responsibilities to thrive in the challenging world and To become employment creators than seekers.

Entrepreneurship Development Cell (EDC), is initiated to promote entrepreneurship culture among the students by "face to face" students-to-entrepreneurs programmes, guest lectures by successful entrepreneurs, Business Plan Competition, FDP, EAC, thereby to sensitize the students and faculty members in the college regarding the importance of entrepreneurship and economic development of the country.

PROGRAMEE REPORT

Program Name: Role of Corporate and Strategic Entrepreneurship

Resource Person: Dr. R Hareesh

Assistant Professor, Sree Chaithanya College of Engineering,

Thimmapur, Karimnagar – 505481

Contact Number: 9949444847

Date of the Event: 18.11.2017

Venue: Seminar Hall

Objectives:

1. A company may pursue strategic entrepreneurship for a variety of objectives.
2. Such as boosting organizational profitability, strengthening its position in the market, or revitalizing existing firms.
3. Corporate entrepreneurs are people who take risks within large, established enterprises.

Learning Outcome:

Strategic entrepreneurship (SE) is typically defined as organizationally consequential innovations within existing firms that involve the combination/integration of opportunity- and advantage-seeking behaviors.

Building upon the many contributions already observed on the topic, this paper aims to identify current limitations and central research issues of SE. Borrowing a framework from the change management literature, I diagnose current conceptualizations of SE and promote future research through careful consideration of the content, process, context.

INTELLECTUAL PROPERTY RIGHTS

A ONE DAY SEMINAR PROGRAMME

ON

HUMAN RIGHTS ISSUES IN IPR

DATE: 20.07.2017

THE OBJECTIVE OF SEMINAR

1. The objective of intellectual property protection is to encourage.
2. The creativity of the human mind for the benefit of all.
3. To ensure that the benefits arising from exploiting a creation benefit the creator.

LEARNING OUTCOMES

The current era has realized the importance of IPR laws. It is not only innovation but also the name which matters in today's world. The name carries huge value in the form of goodwill. Some companies just sell their name in exchange for a huge amount of money.

ABOUT INTELLECTUAL PROPERTY RIGHTS CELL

It is necessary to protect the Intellectual property in order to enable organizations to earn recognition or financial benefits. Governments of various countries protect the innovative ideas of the inventors through Intellectual Property Rights (IPR). The rationale for this IPR lies in the need to create awareness about the importance of IPRs as a marketable financial asset and economic tool among the researchers, faculty and students of the College. Intellectual property Rights: means the rights derived from the IP e.g. Patents, registered designs, copyright etc.

Assistant Professor, Trinity College of Engineering & Technology

Karimnagar – 505481

Contact Number: 8686865975

Date of the Event: 20.07.2017

Venue: Seminar Hall

Objectives:

1. The objective of intellectual property protection is to encourage.
2. The creativity of the human mind for the benefit of all.
3. To ensure that the benefits arising from exploiting a creation benefit the creator.

Learning outcomes:

The current era has realized the importance of IPR laws. It is not only innovation but also the name which matters in today's world. The name carries huge value in the form of goodwill. Some companies just sell their name in exchange for a huge amount of money. Intellectual Property rights have a great influence on the financial improvement of a nation. The IPR can play both negative and positive growth in economic development. This article analyzes the role of Intellectual Property rights in economic growth.

INTELLECTUAL PROPERTY RIGHTS

A ONE DAY SEMINAR PROGRAMME

ON

**ROLE OF LEGISLATURE, JUDICIARY,
AND THE GOVERNMENT IN
REGULATING THE INTELLECTUAL
PROPERTY POLICY**

DATE: 14.12.2017

THE OBJECTIVE OF SEMINAR

1. Customizing programs for the specific needs of industries, MSMEs, R&D institutions, science and technology institutes, universities and colleges, inventors and creators, entrepreneurs.

2. Reaching out to small businesses, farmers/plant variety users, traditional knowledge holders, designers and artisans through campaigns tailored to their needs and concerns.

LEARNING OUTCOMES

International organizations as also stakeholders, industry associations, law firms and lawyers, IP professionals, IP organizations, the IPOs, Research institutions, academicians, civil society and members of the public.

ABOUT INTELLECTUAL PROPERTY RIGHTS CELL

It is necessary to protect the Intellectual property in order to enable organizations to earn recognition or financial benefits. Governments of various countries protect the innovative ideas of the inventors through Intellectual Property Rights (IPR). The rationale for this IPR lies in the need to create awareness about the importance of IPRs as a marketable financial asset and economic tool among the researchers, faculty and students of the College. Intellectual property Rights: means the rights derived from the IP e.g. Patents, registered designs, copyright etc.

INTELLECTUAL PROPERTY RIGHTS

A ONE DAY SEMINAR PROGRAMME

ON

INTELLECTUAL PROPERTY AND PUBLIC POLICY ISSUES

DATE: 06.04.2018

THE OBJECTIVE OF SEMINAR

1. The purpose of the intellectual property policy is to foster.
2. The creation and dissemination of knowledge and to provide certainty in individual.
3. Institutional rights associated with ownership and the distribution of benefits that may originate from the formation of intellectual property.

LEARNING OUTCOMES

The effective use of the IP system and of TRIPS flexibilities is important, but does not stand alone: IP law and policy must be harnessed with drug procurement policies, pro-competition safeguards, and regulation of drugs for safety and quality.

ABOUT INTELLECTUAL PROPERTY RIGHTS CELL

It is necessary to protect the Intellectual property in order to enable organizations to earn recognition or financial benefits. Governments of various countries protect the innovative ideas of the inventors through Intellectual Property Rights (IPR). The rationale for this IPR lies in the need to create awareness about the importance of IPRs as a marketable financial asset and economic tool among the researchers, faculty and students of the College. Intellectual property Rights: means the rights derived from the IP e.g. Patents, registered designs, copyright etc.

RESEARCH AND DEVELOPMENT CELL

A ONE DAY SEMINAR PROGRAMME

ON

**USAGE OF SPSS IN
RESEARCH**

DATE: 17.08.2017

THE OBJECTIVE OF SEMINAR

The use of statistical and econometric tools and techniques for research in economics, commerce and management is found to be enormous in recent times. A clear understanding of the theoretical issues and the skill of operating the software are two significant requirements for proper use of such tools and techniques. With this backdrop, the aim of the workshop is to provide a proper understanding of some of the important statistical and econometric tools and techniques and for enhancing the skill in handling of software.

LEARNING OUTCOMES

1. **Academic Outcome:** The participant's feedback showed that they have gained knowledge in using SPSS for data handling and analysis. All the participants were highly satisfied with the workshop.
2. **Policy Implications / Technical Implications (if any)**
3. **Future Scope:** Workshop on data handling at advance level can be organized

ABOUT RESEARCH AND DEVELOPMENT CELL

R&D Cell encourage & faculties to conceive ideas through enhanced industry-academia interactions and prepare research proposals for funding from various agencies & it organizes events like capacity-building programs and specific research theme-based workshops and Research Internships that will motivate the students, scholars, and faculties to participate actively in the process of ideation and innovative research in emerging areas. It combined ventures for joint research activities to enhance the exchange between students, scholars, and faculty.

RESEARCH AND
DEVELOPMENT CELL

A ONE DAY SEMINAR

PROGRAMME

ON

**HOW TO WRITE EFFECTIVE
RESEARCH ARTICLE**

DATE: 26.11.2017

THE OBJECTIVE OF SEMINAR

- **Specific:** Be specific about your desired outcomes. ...
- **Measurable:** Making your objectives measurable is essential to achieving them
- **Achievable:** Be sure to create objectives that you can realistically achieve to help you avoid getting overwhelmed by unrealistic expectations.

LEARNING OUTCOMES

1. Always use simple and clear language.
2. The findings of the study must be expressed in an objective and unbiased manner.
3. If the research addresses more than one hypothesis, use sub-sections to describe the results.

ABOUT RESEARCH AND DEVELOPMENT CELL

R&D Cell encourage & faculties to conceive ideas through enhanced industry-academia interactions and prepare research proposals for funding from various agencies & it organizes events like capacity-building programs and specific research theme-based workshops and Research Internships that will motivate the students, scholars, and faculties to participate actively in the process of ideation and innovative research in emerging areas. It combined ventures for joint research activities to enhance the exchange between students, scholars, and faculty.

ABOUT THE COLLEGE

Trinity College Of Engineering And Technology was established in the year 2008, by Trinity Educational Society for community development in a backward educational area dominated by under privileged sections of the society. The college has completed 16 years of its existence with glory. The college is located in Peddapalli with good connectivity of road and rail. The great strength of the college is visionary management. Availability of strategic planning, documentation, record keeping, E-management and innovative teaching practices; quality and access are the core values in curriculum and teaching and evaluation methodologies in alignment with global trends.

RESEARCH AND DEVELOPMENT CELL

A ONE DAY SEMINAR PROGRAMME

ON

SEMINAR ON STRUCTURE OF MODELING

DATE: 15.03.2018

THE OBJECTIVE OF SEMINAR

Structure of modeling is to define a theoretical causal model consisting of a set of predicted covariance's between variables and then test whether it is plausible when compared to the observed data.

LEARNING OUTCOMES

In this approach, a structural model is constructed by combining information from multiple sources, including varied experimental methods and prior models. In 2019, a Workshop was held as a Biophysical Society Satellite Meeting to assess progress and discuss further requirements for archiving integrative structures

ABOUT RESEARCH AND DEVELOPMENT CELL
