CIRCULAR

This is to inform that Trinity College of engineering and technology, peddapalli is organizing “A One Week Faculty Development on Wireless Sensor Network and Internet of Things” from 22-07-2019 to 27-07-2019. All the faculty members of concerned department are requested to register and attend the program.

ABOUT THE COLLEGE

Trinity College Of Engineering And Technology was established in the year 2008, by Trinity Educational Society for community development in a backward educational area dominated by under privileged sections of the society. The college is located in Peddapalli with good connectivity of road and rail. The great strength of the college is visionary management. Availability of strategic planning, documentation, record keeping, E-management and innovative teaching practices; quality and access are the core values in curriculum and teaching and evaluation methodologies in alignment with global trends.

ABOUT THE DEPARTMENT

The department of Electronics & Communication Engineering started right from the inception of the college in the year 2008. The primary objective of the department has been to impart quality education, training and research at the undergraduate in various areas of Electronics and Communication Engineering with broad emphasis on design aspects of electronic systems. The Department presently offers UG Programme B.Tech with an intake of 60.

A ONE WEEK FACULTY
DEVELOPMENT PROGRAMME

ON

**WIRELESS SENSOR
NETWORK AND INTERNET
OF THINGS**

DATE: 22/07/2019 to 27/07/2019

H. Ganesh
PRINCIPAL
Trinity College of Engineering and Technology
Peddapalli-505 172-T.S.

ABOUT THE FDP

Wide spread applications of wireless sensor network and IoT have created a demand for researchers and manpower to work in the industry and academia. Currently a reasonable number of students, faculty and researchers are working in the area of wireless sensor network and IoT. However, most of them lack proper training on carrying out research in this area due to unavailability of proper guidance, infrastructure, simulation techniques and hands-on practice on running of simulators. Further, with the vision to have smart cities, smart home and other smart activities will result in demand for sensors and sensor networks.

THE OBJECTIVE OF FDP

The primary objectives of this proposed FDP are as follows: To provide basic knowledge about WSN and IoT to the students and faculty. To give hands-on training on Network Simulator (NS-2) to carry out research. To provide hands-on training on sensor network on real platform. To motivate towards future research and development in the area of WSN and IoT

TOPICS COVERED

- Wireless Sensor Network
- Modeling of Sensor Network
- Wireless Communication
- Wireless Network Security

TOPICS COVERED:

- Wireless Sensor Network
- Modeling of Sensor Network
- Wireless Communication
- Wireless Network Security
- Mobility in WSN
- Internet of Things
- IoT Components
- Wireless Protocols
- Routing Protocols
- Research in WSN & IoT
- Reliability in WSN

OUT COMES OF FDP

Participants have sufficient knowledge about different topics in wireless sensor network.

This FDP gives the knowledge on recent advancements in the field of wireless sensor networks with IoT

Trinity College Of Engineering And Technology was established in the year 2008, by Trinity Educational Society for community development in a backward educational area dominated by under privileged sections of the society. The college is located in Peddapalli with good connectivity of road and rail. The great strength of the college is visionary management. Availability of strategic planning, documentation, record keeping, E-management and innovative teaching practices; quality and access are the core values in curriculum and teaching and evaluation methodologies in alignment with global trends.

ABOUT THE DEPARTMENT

The department of Electronics & Communication Engineering started right from the inception of the college in the year 2008. The primary objective of the department has been to impart quality education, training and research at the undergraduate in various areas of Electronics and Communication Engineering with broad emphasis on design aspects of electronic systems. The Department presently offers UG Programme B.Tech with an intake of 60.

PEDDAPALLI-505172

DEPARTMENT OF ELECTRONICS &
COMMUNICATION ENGINEERING

A ONE WEEK FACULTY
DEVELOPMENT PROGRAMME

ON

VLSI DIGITAL SIGNAL

PROCESSING

DATE: 16.09.2019 to 21.09.2019

M. Z. Prasad
PRINCIPAL
Trinity College of Engineering and Technology
Peddapalli-505172

ABOUT THE FDP

VLSI Digital Signal Processing assumes importance from the point of view of wide spread use of digital signal processors for number of applications in various fields. Faculty members will be able to teach and guide students' projects well both at B.Tech and at M.Tech level in this area. Also this FDP will enable them to take up or carry on research work in this area.

THE OBJECTIVE OF FDP

Learning the concepts of designing analog integrated circuits in the context of CMOS technology which enable to understand the operation of an analog CMOS circuit and to know how to change its performance.

TOPICS COVERED:

1. MOS Device and Modeling:
2. Analog CMOS Sub Circuits
3. CMOS Amplifiers
4. CMOS Operational Amplifiers
5. Comparators

ADDRESS FOR COMMUNICATION

The coordinator
Trinity College of Engineering and
Technology, Bandarikunta,
Peddapalli -505172
Mobile no: 9985377220
E.Mail: mam.vodnala@gmail.com

LEARNING OUTCOMES

This FDP is to Know the key subjects of MOSFET large-signal and small signal model to predict the performance of CMOS circuit. To visualize how sub circuits and amplifiers are used to design more complex analog circuits, such as op-amp. Learn the design procedures of different CMOS amplifier circuits. Design two stage op-amp with methods of compensation and to know how uncompensated two stage op-amp acts as open loop comparator.

ABOUT THE COLLEGE

Trinity College Of Engineering And Technology was established in the year 2008, by Trinity Educational Society for community development in a backward educational area dominated by under privileged sections of the society. The college is located in Peddapalli with good connectivity of road and rail. The great strength of the college is visionary management. Availability of strategic planning, documentation, record keeping, E-management and innovative teaching practices; quality and access are the core values in curriculum and teaching and evaluation methodologies in alignment with global trends.

ABOUT THE DEPARTMENT

The department of humanities firmly believes in developing interpersonal communication between teachers and students as well as creating an environment that will synergistically link scientific development of the country. It aims to build communication and managerial skills and also develop an awareness regarding various issues concerning society thus bringing in an all encompassing and holistic development of the student. The department is intend to enrich the engineering students to open up their mind for understanding the human ethical and socio economic problems faced by the country.

ABOUT THE FDP

This Faculty Development Programme aims at building leadership awareness among participants and to simultaneously emphasize on value-based teaching. The usage of the term preceptor highlights the significance attributed to the changing role of the teacher. Teaching can no longer be one with a 'broad-brush' approach. The role of the teacher has assumed even more import in the wake of the noticeable and recent shifts in pedagogy, particularly in the aftermath of the Covid-19 pandemic. Knitting together the hitherto heritage-based learning process to the online learning mode so common today, the teacher always remains at the heart of the 'Guru-Shishya' relationship. Ethics and ethical norms are at the core of that relation, even as the Teacher is an integral catalyst of change.

THE OBJECTIVE OF FDP

- To better understand the conceptualization of education
- To improve teaching effectiveness
- To enhance cultural sensitivity for being a more effective teacher

TOPICS COVERED

- Leadership through Awareness
- Ethical Dilemmas in Teaching

OUT COMES OF FDP:

Today's world is dynamic, and intensely practice oriented. Preceptors must continuously support the learning process among students with their solid and value-based experience. Teachers must, simultaneously instill values into the minds of students transforming them from a student to being a responsible citizen. To be there a teacher rises to be a preceptor, bringing out the best in the student and inspiring the student to strive for greater heights of value-based achievements. This Program helps draw attention to the deepening role of the teacher.

PROGRAM REPORT

Date: 31/01/2020

Name of the program: A Non Teaching Faculty Development Program on Training Programme on English Skill Enhancement

Date: 30/01/2020

Details of the program:

Details of resource person:

Name	B.RAMAMURTHY
Designation	ASSISTANT PROFESSOR
Organization	Trinity College of Engineering And Technology
Email id	rammurthy.1795@gmail.com
Contact number	9963314683

FDP OBJECTIVES:

Skill enhancement provides the opportunity and knowledge for a individual to develop and strengthen the necessary skills to gain, maintain, and advance in a chosen area. Skill enhancement programs are focused around training that combines the best practices from education, psychology, social work, career counselling, sports, and technology training. Through skill training a person can improve their overall performance in any identified area and in so doing can improve the overall quality of life. Skill enhancement or training typically uses a combination of cognitive and behaviour problem solving approaches, both of which are used to strengthen a person's positive skill develop.

Outcomes

Develop ability to construct simple sentences with correct grammatical structure, deliver short presentations on varied topics, demonstrate reading techniques, establish basic writing skills, and participate in class discussions with confidence.
