

## ABOUT THE COLLEGE

Trinity College Of Engineering And Technology was established in the year 2008, by Trinity Educational Society for community development in a backward educational area dominated by under privileged sections of the society. The college is located in Peddapalli with good connectivity of road and rail. The great strength of the college is visionary management. Availability of strategic planning, documentation, record keeping, E-management and innovative teaching practices; quality and access are the core values in curriculum and teaching and evaluation methodologies in alignment with global trends.

## ABOUT THE DEPARTMENT

The department of EEE established in 2008 with the approval of AICTE, is set in an open, student friendly atmosphere. We have a fine blend of dynamic and experienced faculty who provide quality education in technical UG programs with JNTU-H curriculum, the department places equal emphasis on theoretical and practical domains of electrical and electronics engineering. The laboratories are highly modernized to reflect the rapidly changing trends in technology. We have been organizing many symposiums, workshops, skill development programs to encourage the students to refine their personality and extracurricular skills.

DATE: 10/07/2017 to 15/07/2017

## ABOUT THE FDP

This FDP is designed to address research advancements in power conversion topologies and applications in the industry and to encourage various zonal professionals/academicians/students towards research and for their academic quality improvement too. All the participants in the relevant topics in real time power electronic systems and its applications through theoretical sessions and simulation plus laboratory based experiments and demonstrations. This FDP aims to give scope for future research.

## THE OBJECTIVE OF FDP

To provide an opportunity for academia and industry to gain insights into electric vehicle technology.

To address the challenges in the efficient design of power converters through advanced controller techniques towards electric propulsions.

## LEARNING OUTCOMES

### High Initial Cost:

The upfront cost of purchasing an electric vehicle is relatively higher compared to conventional vehicles.

### Limited Charging Infrastructure:

In India, the charging infrastructure is still in the early stages of development and is concentrated in major cities.

## TOPICS COVERED:

Hybrid Electric Vehicles • Plug-in Electric Vehicles • Solar EV Charging stations • Wireless Charging systems • Multi-functions charging systems. • EV Charging Infrastructure Design • High Power Density Converters for electronic products • Electric Drives (SRM/BLDC/PMSM) & Control for EVs • Energy Efficient Drives especially for elevators • Automobile Lighting Systems • AI-based adaptive control technique for EVs • Energy management in EVs. • Fuel Cell Vehicles

## OUT COMES OF FDP

**High Initial Cost:** The upfront cost of purchasing an electric vehicle is relatively higher compared to conventional vehicles. ...

**Limited Charging Infrastructure:** In India, the charging infrastructure is still in the early stages of development and is concentrated in major cities.

## ABOUT THE COLLEGE

Trinity College Of Engineering And Technology was established in the year 2008, by Trinity Educational Society for community development in a backward educational area dominated by under privileged sections of the society. The college has completed 16 years of its existence with glory. The college is located in Peddapalli with good connectivity of road and rail. The great strength of the college is visionary management. Availability of strategic planning, documentation, record keeping, E-management and innovative teaching practices; quality and access are the core values in curriculum and teaching and evaluation methodologies in alignment with global trends.

## ABOUT THE DEPARTMENT

The department of CSE established in 2008 with the approval of AICTE, is set in an open, student friendly atmosphere. The Department of Computer Science and Engineering (CSE) offers B. Tech course in CSE. The Department has experienced faculty with good publications and well-established laboratories. The computer science and engineering department of the college works with a motto of "Excellence in Computing Technology" stresses on strong understanding of theoretical concepts along with the practical experience with several challenging assignments and Projects.

SCIENCE & ENGINEERING

A ONE WEEK FACULTY

DEVELOPMENT PROGRAMME

ON

**NETWORK ROUTING AND**

**SWITCHING ESSENTIALS**

DATE: 11/12/2017 to 16/12/2017

## ABOUT THE FDP

This FDP will give hands on coverage of switching and routing essentials using CISCO packet tracker as a tool. Learner is expected to be familiar with the basics of networking.

## THE OBJECTIVE OF FDP

- Provide the foundation of IP addressing
- Enhance knowledge of Routing and Switching
- Hand-on training on router and switch configuration
- Enhance knowledge of security in networking

## TOPICS COVERED:

- Introduction to packet tracker.
- Configuring routers and switches.
- Building a network.
- Static dynamic routing.
- Setting up a static IPV 4 route

## ADDRESS FOR COMMUNICATION

## LEARNING OUTCOMES

- Understand IP addressing and sub netting
- Understand static and dynamic routing
- Use routing protocol such as RIP for dynamic routing
- Build and configure a small network using Cisco packet tracer.

### FDP OBJECTIVES:

The importance of administrative skills is never justified enough, but these are the skills that help the organization and the business smoothly, effectively, and efficiently. Administrative experience is what helps achieve objectives and the goals of the organization. Someone with administrative experience or skills helps in smooth functioning. Not like you do not require technical knowledge for the task, but administrative skills are an added benefit

### Outcomes

The importance of administrative skills is never justified enough, but these are the skills that help the organization and the business smoothly, effectively, and efficiently. It is also important to organize your digital workspace. Keeping all your important files labeled saves you a lot of time and allows you to be quick when someone asks you about a piece of particular information
