ABOUT THE COLLEGE

Trinity College Of Engineering And Technology was established in the year 2008, by Trinity Educational Society for community development in a backward educational area dominated by under privileged sections of the society. The college has completed 16 years of its existence with glory. The college is located in Peddapalli with good connectivity of road and rail. The great strength of the college is visionary management. Availability of strategic planning, documentation, record keeping, E-management and innovative teaching practices; quality and access are the core values in curriculum and teaching and evaluation methodologies in alignment with global trends.

ABOUT THE DEPARTMENT

The department of Electronics & Communication Engineering started right from the inception of the college in the year 2008. The primary objective of the department has been to impart quality education, training and research at the undergraduate in various areas of Electronics and Communication Engineering with broad emphasis on design aspects of electronic systems. The Department presently offers UG Programme B.Tech with an intake of 60.

A TWO WEEK CERTIFICATE
PROGRAM

ON

**5G TECHNOLOGIES AND
CONVERGENCE**

DATE: 16-07-2018 to 28-07-2018

THE OBJECTIVE OF PROGRAM

1. Innovation with vertical industry expert users
2. Technology development and readiness Technological validation
3. Contribution to standardization, open source and communities
4. Business validation and innovation:

LEARNING OUTCOMES

- Plan,design develop and manage 5G networks by applying and Contributingthe best practice
- Higher performance and improved efficiency.
- Communicate 5G subject matters effectively to a range of audiences,orally in writing and visually

PROGRAM REPORT

Name of the Event: A Two Week Certificate Program on "**5G Technologies and Convergence**"

Date: 16-07-2018 to 28-07-2018.

Resource Person: Mrs.G.Laxmi, Assistant Professor

Department of Computer Science Engineering

Contact No.9182891187

Name of Co-coordinator: Mrs.V.Mamatha, Assistant Professor

Department of Electronics and Communications Engineering

Number of Students Attended: 78

Venue: Seminar hall-Trinity College of Engineering and Technology

Trinity College of Engineering and Technology, Peddapalli organized a certificate program on "**5G Technologies and Convergence**" students by the resource person G.Laxmi. Let's try to understand this in detail. Following a standard 5G technology is designed to deliver much higher data speeds than its predecessors, with peak download speeds of up to 20 Gbps and average speeds of 1 Gbps or higher. Low Latency 5G technology has a much lower latency compared to 4G, with round-trip latency of 1 millisecond or less. Totally 78 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

1. Innovation with vertical industry expert users
2. Technology development and readiness Technological validation
3. Contribution to standardization, open source and communities
4. Business validation and innovation:

PRINCIPAL
Trinity College of Engineering And Technology
PEDDAPALLI-505 172, T.S.

Learning Outcomes:

1. Plan, design, develop and manage 5G networks by applying and Contributing the best practice
2. Higher performance and improved efficiency.
3. Communicate 5G subject matters effectively to a range of audiences, orally in writing and visually

This course was very useful to the students and their feedback is positive. The management and Dr. Mani Ganesh, Principal of Trinity College of Engineering and Technology thanked the resource person and participants for making the programme successful.

**DEPARTMENT OF
MANAGEMENT STUDIES**
**A TWO WEEK CERTIFICATE
PROGRAM**

ON

**" HUMAN RESOURCE
DEVELOPMENT "**

DATE: 13-08-2018 to 25-08-2018.

THE OBJECTIVE OF FDP

1. To prepare the individual to fulfill current and changing employment needs in the future.
2. To develop and expand one's creative abilities and capabilities.
3. To provide new hires with fundamental HRD knowledge and skills.
4. Individual and group morale, a sense of responsibility, cooperative attitudes, and excellent connections should all be promoted.
5. To expand the ideas of top executives by allowing them to exchange experiences both inside and outside the company.

LEARNING OUTCOMES:

1. Contribute to the development, implementation, and evaluation of employee recruitment, selection, and retention plans and processes.
2. Administer and contribute to the design and evaluation of the performance management program.
3. Develop, implement, and evaluate employee orientation, training, and development programs.
4. Facilitate and support effective employee and labour relations in both non-union and union environments.

PROGRAM REPORT

Name of the Event: A Two Week Certificate Program on "Human Resource Development"

Date: 13-08-2018 to 25-08-2018.

Resource Person: Mr. R. Ram Mohan, Assistant Professor
Department of Master of Business Administration
Contact No.7794885532

Name of Co-coordinator: Ms. Arshiya, Assistant Professor
Department of Master of Business Administration

Number of Students Attended: 80

Venue: Seminar hall-Trinity College of Engineering and Technology

Trinity College of Engineering and Technology, Peddapalli organized a certificate program on **Human Resource Development** by the resource person Mr. R. Ram Mohan. Totally 80 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

1. To prepare the individual to fulfill current and changing employment needs in the future.
2. To develop and expand one's creative abilities and capabilities.
3. To provide new hires with fundamental HRD knowledge and skills.
4. Individual and group morale, a sense of responsibility, cooperative attitudes, and excellent connections should all be promoted.
5. To expand the ideas of top executives by allowing them to exchange experiences both inside and outside the company.

PRINCIPAL
Trinity College of Engineering And Technology
PEDDAPALLI-505 172, T.S.

Learning Outcomes:

1. Contribute to the development, implementation, and evaluation of employee recruitment, selection, and retention plans and processes.
2. Administer and contribute to the design and evaluation of the performance management program.
3. Develop, implement, and evaluate employee orientation, training, and development programs.
4. Facilitate and support effective employee and labour relations in both non-union and union environments.

This course was very useful to the students and their feedback is positive. The management and Dr. Mani Ganesh, Principal of Trinity College of Engineering and Technology thanked the resource person and participants for making the programme successful.

ABOUT THE COLLEGE

Trinity College Of Engineering And Technology was established in the year 2008, by Trinity Educational Society for community development in a backward educational area dominated by under privileged sections of the society. The college has completed 16 years of its existence with glory. The college is located in Peddapalli with good connectivity of road and rail. The great strength of the college is visionary management. Availability of strategic planning, documentation, record keeping, E-management and innovative teaching practices; quality and access are the core values in curriculum and teaching and evaluation methodologies in alignment with global trends.

ABOUT THE DEPARTMENT

The aim of the institute is to cultivate in its students' high moral standards coupled with academic excellence to promote market-oriented skill development and up gradation that would help in serving the needs of the society. From its advent, the Institution has acquired a credible position in the fields of Business Administration topped programs.

About College

To implement this thought, we established an Education Society which aims at breaking grounds for high level educational institutions. Trinity College of Engineering and Technology (T.C.E.T.) is a premier initiative of this society. The institute aims to impart knowledge by attracting and involving well experienced, qualified faculty and providing best infrastructural facilities to the students. T.C.E.T. views interaction and collaboration with industry as critical for preparing successful and trend setter technocrats for tomorrow. Workshops and guest lectures with a focus on developing entrepreneur skills will be our mainstay.

We are leading step by step to achieve our objectives to transform the Institute into one of the notable technical institutes of the country. T.C.E.T. is ready with the facilities to provide best services to you. It is for you to avail this opportunity

About Department

The Department of Computer Science and Engineering at TCEK was started in the year 2008 with an intake of 60. The Department offers UG (B.Tech) degrees. The Department has state of the art infrastructure and computing equipment supported by high speed internet and wireless networks.

The Department of Computer Science and Engineering is renowned for cutting edge research and for imparting state of art education. The Department provides an outstanding research environment complemented by excellence in teaching.

PROGRAM REPORT

Name of the Event: A Two Week Certificate Program on **Advanced Database Concepts Using Oracle**

Date: 22-10-2018 to 04-11-2018.

Resource Person: Mrs.Swathi Jilla, Assistant Professor
Department of Computer Science and Engineering
Contact No.9618966426

Name of Co-coordinator: Ms. M.Amulya, Assistant Professor
Department of Computer Science and Engineering

Number of Students Attended: 108

Venue: Seminar hall-Trinity College of Engineering and Technology

Trinity College of Engineering and Technology, Peddapalli organized a certificate program on **Advanced Database Concepts Using Oracle** for **B Tech CSE** students by the resource person. Mrs.Swathi Jilla Totally 108 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

1. Establish and understanding of Database Administration using the Oracle DBMS interfaces.
2. SVRMGR, OEM tools, Command Line interface and SQL*Plus, SQL-Developer.
3. Apply the Relational Database Model to understand the Logical and Physical aspects of the DBMS architecture.

PRINCIPAL
Trinity College of Engineering And Technology
PEDDAPALLI-505 172, T.S.

Learning Outcomes:

1. Understand the functions of the Oracle Database Server and Oracle Database Client.
2. Create, maintain and manipulate an Oracle Database.
3. Understand and apply the Data Dictionary.
4. Understand and apply database statistics in relation to performance and integrity of the database.

This course was very useful to the students and their feedback is positive. The management and Dr. Mani Ganesh, Principal of Trinity College of Engineering and Technology thanked the resource person and participants for making the programme successful.

ABOUT THE COLLEGE

Trinity College Of Engineering And Technology was established in the year 2008, by Trinity Educational Society for community development in a backward educational area dominated by under privileged sections of the society. The college has completed 16 years of its existence with glory. The college is located in Peddapalli with good connectivity of road and rail. The great strength of the college is visionary management. Availability of strategic planning, documentation, record keeping, E-management and innovative teaching practices; quality and access are the core values in curriculum and teaching and evaluation methodologies in alignment with global trends.

ABOUT THE DEPARTMENT

The department of Electronics & Communication Engineering started right from the inception of the college in the year 2008. The primary objective of the department has been to impart quality education, training and research at the undergraduate in various areas of Electronics and Communication Engineering with broad emphasis on design aspects of electronic systems. The Department presently offers UG Programme B.Tech with an intake of 60.

A TWO WEEK CERTIFICATE
PROGRAM

ON

EMBEDDED SYSTEMS
FUNDAMENTAL AND
ADVANCES

DATE: 01-02-2019 to 15-02-2019

THE OBJECTIVE OF PROGRAM

- Discuss the major components that constitute an embedded system.
- Implement small programs to solve well-defined problems on an embedded platform.
- Develop familiarity with tools used to develop in an embedded environment.

LEARNING OUTCOMES

- Understand Difference between micro-controller, microcomputer embedded system.
- Understand different components of a micro controller and their interactions.
- Become familiar with programming environment used to develop embedded system.
- Understand key concepts of embedded system like IO, timers, interrupts, peripheral device.
- Learn debugging techniques for an embedded system

Trinity College of Engineering and Technology, Peddapalli organized a certificate program on "**Embedded Systems Fundamental and Advances**" students by the resource person B.Rajender. Following a standard embedded system is a combination of computer hardware and software designed for a specific function. Totally 25 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

1. Discuss the major components that constitute an embedded system.
2. Implement small programs to solve well-defined problems on an embedded platform.
3. Develop familiarity with tools used to develop in an embedded environment.

Learning Outcomes:

ABOUT THE COLLEGE

Trinity College Of Engineering And Technology was established in the year 2008, by Trinity Educational Society for community development in a backward educational area dominated by under privileged sections of the society. The college has completed 16 years of its existence with glory. The college is located in Peddapalli with good connectivity of road and rail. The great strength of the college is visionary management. Availability of strategic planning, documentation, record keeping, E-management and innovative teaching practices; quality and access are the core values in curriculum and teaching and evaluation methodologies in alignment with global trends.

ABOUT THE DEPARTMENT

The department of EEE established in 2008 with the approval of AICTE, is set in an open, student friendly atmosphere. We have a fine blend of dynamic and experienced faculty who provide quality education in technical UG programs with JNTU-H curriculum, the department places equal emphasis on theoretical and practical domains of electrical and electronics engineering. The laboratories are highly modernized to reflect the rapidly changing trends in technology. We have been organizing many symposiums, workshops, skill development programs to encourage the students to refine their personality and extracurricular skills.

DEPARTMENT OF ELECTRICAL AND
ELECTRONICS ENGINEERING

**A TWO WEEK CERTIFICATE
PROGRAM**

ON

**INSTRUMENTATION TRAINING
FUNDAMENTALS**

DATE: 21-02-2019 to 06-03-2019.

**Venue: Seminar Hall-Trinity College
of Engineering and Technology**

THE OBJECTIVE OF PROGRAM

- Fundamentals of instrumentation used in industry.
- Types of electric, electronic, and other instruments.
- To install, maintain, and calibrate instrumentation

LEARNING OUTCOMES

- Explain, discuss and describe the principles and theories related to basic process control instrumentation.
- Read and analyze instrumentation diagrams.
- Design a simple instrumentation system

RESOURCE PERSONS

MR. M. SHIVA KUMAR

Assistant professor,
Trinity college of Engineering &
Technology, Peddapalli

COMMITTEE MEMBERS

MR. A. KRISHNAIAH

Assistant professor,

PROGRAM REPORT

Name of the Event: A Two Week Certificate Program on "Instrumentation Training Fundamentals "

Date: 21-02-2019 to 06-03-2019

Resource Person: Mr. M. Shiva Kumar, Assistant Professor

Department of Electrical and Electronics Engineering

Contact No. 9441874702

Name of Co-coordinator: Mr. G. Ashok Kumar, Assistant Professor

Department of Electrical and Electronics Engineering

Number of Students Attended: 101

Venue: Seminar Hall-Trinity College of Engineering and Technology

Trinity College of Engineering and Technology, Peddapalli organized a certificate program on **Instrumentation Training Fundamentals** students by the resource person Mr. M. Shiva Kumar. Totally 101 students were participated in this training program and after the completion of the program they were able to understand the following objectives and learning outcomes.

Objectives:

1. Fundamentals of instrumentation used in industry.
2. Types of electric, electronic, and other instruments.
3. To install, maintain, and calibrate instrumentation.

Learning Outcomes:

1. Explain, discuss and describe the principles and theories related to basic process control instrumentation.
2. Read and analyze instrumentation diagrams.
3. Design a simple instrumentation system.
