Number of Students Attended: 56 Students

Venue: Seminar Hall-Trinity College of Engineering and Technology Peddapalli

Trinity College of Engineering and Technology, Peddapalli organized a training Program on **Basics of Microsoft Office Computing Skills** to all I- B.Tech CSE students that they should be capable of meeting the expectations of corporate at different level and increases the speed and efficiency of work with less cost.

Objectives:

1. To educate the students about the basics of Microsoft Office.
2. To Meet the expectations of corporate at different level
3. To increase the efficiency and speed at work

Learning Outcomes:

1. It will help to develop the career at corporate level.
2. It will help to stay organized and productive.
3. The computing skills will increase the job opportunities.
4. To Use Microsoft Office programs to create personal, academic and business documents.

Trinity College of Engineering and Technology, Peddapalli organized “A workshop on Web Designing” for the III B. Tech CSE students by the resource person Mr. Shiva Kumar from Mykas Labs, Karimnagar, from 22-01-2018 to 24-01-2018. In this session the resource person explained about different concepts and techniques in WEB DESIGNING.

Objectives:

1. Introduction to Web Designing and demand in market
2. Theoretical concept of Web Design and its Procedure
3. Educate how websites really works in different domains.

Learning Outcomes:

1. In this program PPT was used for better understanding of theoretical concepts
2. It helps the students to understand how the websites functions.
3. The students have learned the Forms and validations for the website, setting up page layout, color schemes, contrast, and typography in the designs and so on.

Trinity College of Engineering and Technology, Peddapalli organized a workshop on “Basic MATLAB -Computational Skill” for the IV B. Tech ECE & EEE students by the resource person Mr. V. Sridhar from 07-10-2019 to 09-10-2019. In this session the resource person explained about different concepts of MATLAB.

Objectives:

1. To Familiarize the MATLAB software.
2. To educate how to solve Engineering problems using simulation tools.
3. To provide the foundations using real time examples.

Learning Outcomes:

1. It will help to understand the basics of MATLAB software
2. It will help them to use the software in their projects.

PRINCIPAL
Trinity College of Engineering and Technology
Peddapalli-505 172-T.S.

This workshop on “**Basic MATLAB -Computational Skill**” will help the students to understand the basic of MATLAB and how does it work, the resource have taken has explained approach for solving Engineering problems using simulation tools and to use MATLAB in their project works. The participants from IV B Tech CSE have given positive feedback. The Principal and the Management of Trinity College of Engineering and Technology express their gratitude to the resource person for his wonderful session.

PROGRAM REPORT

Name of the Event: Electrical CAD

Date: 14-10-2019 to 15-10-2019

Resource Person: Mr. T Narender
Malla Reddy Engineering College- Hyderabad
Contact Numner: 9652884234

Name of Co-coordinator: Mr. G Ashok (Assistant Professor)

EEE DEPT

Number of Students Attended: 38 Students

Venue: DIGITAL-LAB

Trinity College of Engineering and Technology, Peddapalli organized a training program on “**Electrical CAD**” for the III B. Tech EEE students by the resource person Mr.T Narender, from 14-10-2019 to 15-10-2019. In this session the resource person explained about designing electrical equipments and electronic products, from microchips.

Objectives:

1. To Familiarize about usage of Electrical CAD
2. To make aware about designing electrical equipments and electronic products.
3. To provide the foundations using real time examples.

Learning Outcomes:

1. It will help them to automate all design tasks and facilitate drafting productivity.
2. It will help the students to create electrical schematic, control circuit diagrams, and documentation using industry specific electrical soft tool.

M. T. Narender

Trinity College of Engineering and Technology, Peddapalli organized a training Program on **A Training Session on Basic Computer Skills**" to I- MBA students to meet the expectations at corporate and increases the speed and efficiency of work with less cost.

Objectives:

1. To educate the students about the basics of Microsoft Office and improve their computer literacy
2. To meet the expectations of MNC's.
3. To increase the efficiency and speed at work

Learning Outcomes:

1. It will help to develop the career at corporate level.
2. It will help to stay organized and productive.
3. The computing skills will increase the job opportunities.
4. To Use Microsoft Office programs to create personal, academic and business documents.

PRINCIPAL
Trinity College of Engineering and Technology

Trinity College of Engineering and Technology, Peddapalli organized “**A Training Session on Basic Computer Skills**” to all **I- MBA** students. So, they should be capable of meeting the expectations of various MNC’s and increase the speed and efficiency at work with less cost. The resource person has literate the students about different functions MS Excel and different Statistical tools for Data Analysis. The students participated actively and the feedback was positive. The Principal and the Management of Trinity College of Engineering and Technology thanked the trainer and participants for making this event successful.

Name of Co-coordinator: Mr. S.Thirupathi (Assistant Professor)

EEE DEPT

Number of Students Attended: 21 Students

Venue: CP-LAB Trinity College of Engineering and Technology Peddapalli

Trinity College of Engineering and Technology, Peddapalli organized a training program on “**Basic Electrical Simulation**” for the III B. Tech EEE students by the resource person Dr. Nagender Singh- Principal TCTK Karimnagar, from 08-02-2021 to 10-02-2021. In this session the resource person explained about **Basics Electrical Simulation** to improve their simulation skills.

Objectives:

1. To improve the simulation skills
2. To analyze harmonics in the system
3. To analyze electrical circuit in simulation environment

Learning Outcomes:

1. It will help them to analyze networks by various techniques.
2. It will help them to analyze circuit responses.
3. They will be able to analyze bridge rectifiers.

Peddapalli-505 172-T.S.

This training program on “**Basic Electrical Simulation**” will help the students to understand the basics and to develop their simulation skills, the resource person familiarize the students to generate various signals and synthesis for the engineering system and to analyze the harmonics in the system. The participants from III B Tech EEE have given positive feedback. The Principal and the Management of Trinity College of Engineering and Technology express their gratitude to the resource person for his wonderful session.

Venue: ECAD-LAB

Trinity College of Engineering and Technology, Peddapalli organized a training program on “VLSI ECAD TOOLS” for the IV B. Tech ECE students by the resource person Mr. B Anil Assistant Professor from Nigama College of Engineering - Karimnagar, from 4-10-2021 to 05-10-2021. In this session the resource person explained about layouts designing of simple schematic of CMOS, NMOS, and PMOS families etc.

Objectives:

1. To familiarize the Design Entry & simulation of multiplexer circuit with test bench & functional verifications.
2. To Design a schematic and simple layout for CMOS Inverter, parasitic extract

Learning Outcomes:

1. It will help them to Generation of configuration/fuse files for 4:1 multiplexer & D flip-flop & implementation of the hardware using FPGA
2. This program will educate about the Synthesis, P&R simulation for Full adder, Concepts of
