GREEN CAMPUS POLICY

Trinity College of Engineering and Technology, Peddapally should demonstrate higher sensitivity and responsibility in implementing green concepts in the campus. The campus sustainability initiatives is established with the aim of promoting green practices in and beyond the institution and develop best practices strategies in environmental management. Although establishment and maintenance of green campus is important, spreading awareness on the green practices among students and educating stake holders is our priority.

The policy starts with information and ends with a plan of action. In turn, TCEK will fairly manage water resources, waste management, conserve natural resources, and provide eco-friendly and recommend minimal paper use. Institute will implement following practices towards establishment and maintenance of green campus and adopt the awareness and green initiatives beyond the campus too. This will result in safe environment that is a better place to live, learn and play.

Water Management

- Always practice and implement rain water recycling and harvest rain water to resolve and manage water scarcity problems in future
- Protect environment towards climatic changes and conservation of sources for drinking water.
- Regularly inspect taps for draining and repair immediately to avoid loss of potable water.
- Promote effective water management drip pipe lines, recycling of drainage and rain water harvesting.

Waste Management

- Spread the awareness amongst society about the waste management for ecosystem and methods for its disposal.
- Promote the efforts for the conversion of waste into renewable energy.

Renewable Energy

- Improve awareness about renewable energy
- Promote adaptation of solar power equipments/converters.
- Adopt and promote power saving electrical equipments
- Beware on the role of scientific electrification and the use of bulbs and equipments in saving of power.

Green Building

- Promote and advocate the implementation of solar passive technology for sustainability and green concepts.
- Cleanliness in and around the campus and waste minimization

Paperless Office

- Advocate the benefits of paperless work in reducing the waste production and green practices.
- Digital Library.

Tobacco Free campus

According to institute policy and rules the use of tobacco products is treated as offence.

Green initiatives beyond the campus

The Green Campus Programs beyond the campus should be encouraged and planned. Strong commitment and support from the Management will always be there to the TCEK for contribution to embedding sustainability in the campus and beyond the campus. Green Neighborhood promotional programs will inculcate social skills in TCEK and bring awareness in communities to control pollution, save energy, practice on-site renewable energy methods and preserve agricultural and environmentally sensitive areas. The student-led Green Campus programs to be initiated by NSS volunteers under the NSS College Program Officer.

Save Energy TIPS:

1. Activate power management features on your computer and monitor so that it will go into a low power "sleep" mode when you are not working on it.
2. Turn off your monitor when you leave your table.
3. Activate power management features on your laser printer.
4. Whenever possible, shut down rather than logging off.
5. Turn off unnecessary lights and use daylight instead.
6. Avoid the use of decorative lighting.
7. Use LED or compact fluorescent bulbs.
8. Keep lights off in conference rooms, classrooms, lecture halls when they are not in use.
9. Use the fans only when they are needed. TCEK has to work out the time bound strategies to implement green campus initiatives for healthy ecosystems

POLICY FOR PERSONS WITH DISABILITIES

Trinity College of Engineering & Technology was established by Trinity Society for Community Development in the year 2008 with an aim of bringing Quality Engineering Education closer to the rural students. The college has created a resourceful and inspiring academic ambience world class infrastructure. The college is Private Self Financing Institution. The college is approved by AICTE, New Delhi. The college is permanently affiliated to Jawaharlal Nehru Technological University, Hyderabad (JNTUH).

Objectives of the Policy

1. Conducting class and discussions through interactive electronic or other media
2. Create awareness amongst the masses through television, radio and other mass media on the causes.
3. Provide facilities for training to the staff at the primary health centre
4. Providing every student with disability free of cost special books and equipments needed for his Education.

Disability

Disability is the consequence of an impairment that may be physical, cognitive, mental, sensory, emotional and developmental or some combination of these. A disability may be present from birth or occur during a persons life time. Trinity College of Engineering & Technology college will constitute a specialized committee for people with disabilities which will be responsible in preparing, executing and amending policy and guidelines for persons with disability.

The major functions of this committee for persons with disabilities include.

1. To identify all disability related issues in the campus.
2. Identify needs, expressing views on priorities.
3. To determine major grievances pertaining to any matter of persons with disabilities.

Resolved it should be sent to the higher authorities.

Accessibility Policy

This institution has a coordinated system for offering students with disabilities tools that meet their needs. Providing access means making all the services, activities and fully available to qualified people with disabilities. Materials for students with disabilities come from a variety of sources and methods Example, “Coaching ,presentation, webinars, briefs, and book studies”.

Providing access means with making all the services, activities and benefits thereof, fully available to qualified people with disabilities. The Institution should provide various provisions in creating disabled friendly campus. The college administration and faculty members should ensure appropriate/reasonable accommodation for each person with a disability and be willing to resolve access problems. The campus should be barrier free and accessible for differently able persons.
